William R. Weeks

"The office of Historiographer of The American Numismatic and Archaeological Society was created in March 1884, and the undersigned was called upon to fill it. After serving one year, he declined re-election, owing to other engagements, but was re-elected in March, 1889.

The annual reports of the Historiographer have been mortuary or necrological records only, being biographical rather than historical.

The undersigned was induced to prepare a historical sketch of the Society, which formed part of his report in March 1890.

This sketch has been revised and corrected, and is now offered for publication."

New York, March 21, 1892
